LEGISLATIVE PRIORITIES

- Adequately funding our K-12 education system and re-defining education to better prepare our children with skills they'll need to participate in the global marketplace.
- Encouraging a diverse, skilled employment base, and attracting and keeping good jobs and successful businesses in our state.
- Reducing congestion through infrastructure improvements and giving commuters more options.
- Promoting Washington's leadership for success in green industries that will improve our environment and create jobs at the same time.
